Why not trust a professional with your travel plans!

CRUISENET TOURS & TRAVEL INC is a proud member of the 'Ensemble Travel Group' - an organization of over 1,400 unique agencies across North America making us one of the largest buying groups. This buying power translates into extremely competitive pricing combined with exclusive added benefits for our clients.

Our membership allows us to compete with the large chains and consortiums; to remain independent and to provide personalized service to our clients. Cruisenet Tours & Travel Inc is a full service agency, providing you with all your travel requirements whether they are land packages and tours, cruise and freighter vacations, airline tickets, hotel and car reservations. We are recognized by our clients and industry peers as experts in cruise and leisure vacations to all corners of the world while providing caring, knowledgeable travel service to all our clients including those with special needs.

We are fully licensed under T.I.C.O. (Travel Industry Council of Ontario); full members of A.C.T.A. (Association of Canadian Travel Agents) as well as having two of the relatively few C.T.C.'s (Certified Travel Counsellor) on staff. Cruisenet Travel Inc is also a member of C.L.I.A. (Cruise Line International Association) holding a Certified Cruise Counsellor certificate. Muriel Lee (President) has been in the travel industry since 1984 and is a strong and confident producer of group and individual sales. Muriel is a past board member of the National and Ontario Canadian Institutes of Travel Counsellors, T.I.C.O. Education Committee and a current member of Rotary International and a recipient of the 'Paul Harris Award'. Yolanda Tomasic has been in the travel industry since 1988, receiving both the Burritt Memorial and ACCESS Certified Travel Counsellor Achievement awards for having the highest mark in the Advanced exam. She has organized several hundred groups to world wide destinations during her career. Chelsea Lee-Keenan is currently working towards her CLIA certification while already having qualifications in Broadcast Production and Marketing.

Both Muriel Lee and Yolanda Tomasic have arranged an extensive number of groups to Oberammergau for the 350th Anniversary in 1984, 1990, 2000 and now for 2010. Our knowledge and expertise in organizing groups for this special event are second to none. You can be assured of sound professional advice and service with us - whether we are looking after individuals, making presentations, working on promotions, or coordinating group travel.

Sincerely, Muriel Lee-Liddle C.T.C. ACC
